## Technology Resources

Schoology: [www.schoology.com](http://www.schoology.com)

- A learning management system that helps streamline your classroom.

Socrative: [www.msocrative.com](http://www.msocrative.com)

- An assessment tool in which you can ask multiple choice; true/false; or open-ended questions and receive the results in real time.

Educreations: [www.educreations.com](http://www.educreations.com)

- Educreations is a community where anyone can teach what they know and learn what they don't. Great for re-teaching or supplementing a lesson in a flipped classroom.

Flubaroo: [www.flubaroo.com](http://www.flubaroo.com)

- Grade online assignments in a single step! Get reporting and analysis on student performance! Email students their scores.

Glogster: [edu.glogster.com](http://edu.glogster.com)

- An online, multimedia interactive poster that students can use to create their knowledge of content in the classroom.

Google Forms: <https://drive.google.com>

- A useful tool to send a survey, quizzes, or collect other information from students. It is automatically connected to a spreadsheet where responses will be collected. *Conditional formatting for easy to read feedback.* This link is a youtube video walking you through how to create a google form and upload to a google site.  
<http://youtu.be/koqQtXTmJTM>

Google Sites: <https://sites.google.com>

- Google Sites is a free and easy way to create and share webpages. Learn more. Create rich web pages easily; Collect all your info in one place; Control who can view your webpage.

Doctopus: a Google Script within Google Drive.

- It is like a virtual copy machine that streamlines your differentiation and grading process.

IXL: [www.ixl.com](http://www.ixl.com)

- A math skills website for every grade and every skill.

Poll Everywhere: [www.polleverywhere.com](http://www.polleverywhere.com)

- Students can answers multiple choice questions by texting or on-line to give real time feedback.

Sophia: [www.sophia.org](http://www.sophia.org)

- A free social teaching and learning community.

Wordle: [www.wordle.net](http://www.wordle.net)

- A toy for generating word clouds from text that you provide.

## **Top 5 Apps**
